Station Triplicane, Madras, *Dated the* 12th April 19 37.

From (Name) P.T.Saunders, Esq., O.B.E., MRCVS., I.V.S.,
(Designation) Director of Veterinary Services, Madras.

To The Secretary to the Government of Madras,
DEVELOPMENT Department.

Sir,

I have the honour to address Government in the matter of certain improvements to the Veterinary Dispensary, Puttur in South Kanara District. The absence of an in-patient shed and an operation shed at the Veterinary Dispensary has long been felt and the two individuals who have promised to put up these sheds have gone back on their word and have retracted their promises - vide in this connection my letter R.O.C. No. 535-C/33 dated 12th April 1936 regarding the construction of an operation shed by Mr. K. Sundar Rao with reference to G.O.No. Ms.596, Development Department, dated 3rd May 1934. This has caused delay in the provision of necessary improvements to the Veterinary Dispensary.

2. During my inspection of the Veterinary Dispensary on 8th October 1936, I found that the most urgent need of the institution is the erection of an in-patient cattle shed and the provision of a roof over the operating bed. The premises of the Veterinary Dispensary are small and this is a handicap and I am of opinion that they should be enlarged by providing glazed verandhas which should be increased in width.

3. The Executive Engineer, West Coast Division, who was addressed in the matter has furnished a plan and an approximate estimate amounting to Rs.1800/- for the improvements referred to above. The plan and estimate received from the Executive Engineer are herewith forwarded and I request Government to be pleased to accord their administrative approval to them.

I have the honour to be,

Sir,

Your most obedient servant,

for Director of Veterinary Services,
Madras.
